W. D. Slattery

Award of Excellence

We fully endorse Mr. Proctor's nomination of Gino Galli for the "Award of Excellence 1980". We also agree to Mr. Proctor's statement "Gino gave 150% at all times...." he has been doing this during his entire TWA career and recognition in the form of an award of Excellence would constitute a testimony to Gino and his colleagues that the extra efforts have not gone unnoticed.

S. D. Chapman
